

Workspace Communication/Coordination Summary

Architecture Workspace

Communication/Coordination Summary

- Quarterly meetings: teleconferences and face-to-face
- Each area will have to have a meeting with domain workspaces; should meet internally first; should first meeting take place with domain workspace with one individual; workshop w/a few reps from each workspace, talk to other workspaces to determine when this would be appropriate.
- Communication - Use Forum - will need additional collaboration-ware (work with training group); create separate subgroups/folders (5) and a general site.
- Aligning Quarterly meeting with reference implementation milestones—how frequently to go through this---group felt it was too soon.
